

Description

The imago outdoor siren is a professional-grade acoustic and visual signaling device, with a unique and exclusive design, extremely compact and slim (only 6 cm at its thickest point), featuring cutting-edge technology to deliver outstanding performance with maximum energy savings: high sound pressure, a 1 W LED flasher, and high-efficiency, low-consumption auxiliary signal LEDs.

The siren is fully managed by a microcontroller that monitors all operating conditions and reports them appropriately to the control panel. The battery charge level is constantly monitored, and any malfunction is immediately reported to the control panel.

In addition to wire-cut protection, imago is secured and protected against opening and removal from the wall (anti-tamper) and, despite its extremely compact size, it hides inside a robust metal inner cover providing anti-smash protection.

KSI6301000.31X
KSI6301000.33X

The material used (top-quality polycarbonate with anti-UV protection) and the sophisticated design ensure long-term resistance to all weather conditions.

imago is connected to the lares 4.0 control panel via the 4-wire KS-BUS serial bus, and all siren parameters can be managed and configured directly from the web interface.

The design is customizable, thanks to the possibility of choosing between 3 colors for the transparent base — orange, red, and blue — and 2 variants for the front cover: white and metallic grey.

Technical Specifications

Power supply:	9 V (min) – 13.8 V (max)
Current consumption:	10 mA at standby / 120 mA maximum
Backup battery:	6 Vdc – 1.2 Ah (not included)
Operating temperature:	from -10°C to +55°C
Humidity:	95%
Protection rating:	IP43
Dimensions:	195 x 330 x 60 mm (WxHxD)
Weight:	1.200 kg (without battery)

System maximum configuration

lares 4.0 models	wls 96	16	40	40 wls	140 wls	644 wls
Maximum number of BUS sirens	1	6	24	24	40	49

How to order

- KSI6301000.317 - imago white cover with orange base

KSI6301000.318 - imago white cover with red base

KSI6301000.319 - imago white cover with blue base
- KSI6301000.337 - imago metallic grey cover with orange base

KSI6301000.338 - imago metallic grey cover with red base

KSI6301000.339 - imago metallic grey cover with blue base

Accessories

KSI7206012.000 - 6 Vdc -1.2 Ah battery

Compliance

Europe - CE, RoHS

Technical specification, appearance, functional and other product characteristics may change without notice.
